The MAILING DATE of this communication appears on the cover sheet with the correspondence address Period for Reply					
A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.  - Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.  - If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.  - Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).  Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## **DETAILED ACTION**

Claims 1,4-14,16,17,19 and 23 are pending in the application. Claims 4-14 and 16 are withdrawn from consideration. Any objections and/or rejections from previous office actions that have not been reiterated in this office action are obviated.

## Response to Arguments

1. Applicant's arguments filed 9/25/07 have been fully considered but they are not persuasive.

## Claim Rejections - 35 USC § 103

- 2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
  - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 3. Claims 1,17,19 and 23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Licha et al. (WO98/47538 as translated in US 6,534,041B1) as stated in the office action mailed 5/25/07.
- 4. Applicant amended the instant claim 1 to remove the limitations polyalkoxyalkyl and aminoalkyl.
- 5. The reference of Licha et al. does disclose that the R<sup>5</sup> of the composition of formula II (below) may be a C<sub>1-50</sub> alkyl chain interrupted by 0 to 15 oxygen atoms and/or 0 to 3 carbonyl groups and/or is substituted with 0 to 5 hydroxy groups, etc. (column 3,

Application/Control Number:

10/814,404

Art Unit: 1618

lines 25-30 and 44-50; column 11, lines 36-53), which encompasses the  $Y_1$  = -CH<sub>2</sub>-(CH<sub>2</sub>-O-CH<sub>2</sub>)<sub>c</sub>-CH<sub>2</sub>-OH of the instant claims.

- 6. It would have been obvious at the time of the invention that the intermediate of formula I (2,3,3-trimethyl-4,5-benzo-3H-indolene) necessarily contains the same  $R^5$  substituent, i.e.  $-CH_2$ - $(CH_2$ -O- $CH_2)_c$ - $CH_2$ -OH in place of the  $C_{1-4}$  sulfoalkyl chain (formula I) in order to generate the composition of formula II as the final product. The resulting  $-CH_2$ - $(CH_2$ -O- $CH_2)_c$ - $CH_2$ -OH, etc. substituted 2,3,3-trimethyl-4,5-benzo-3H-indolene intermediates of Licha et al. encompass the compositions of the instant claims, i.e.  $-CH_2$ - $(CH_2$ -O- $CH_2)_c$ - $CH_2$ -OH substituted.
- 7. Claims 1,17,19 and 23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Achilefu et al. (US 6,180,085B1) as stated in the office action mailed 5/25/07.
- 8. Applicant amended the instant claim 1 to remove the limitations polyalkoxyalkyl and aminoalkyl.
- 9.  $Y^1$  of the composition of formula 1 may be  $-(CH_2)_g$ - $N(R^{14})$ - $(CH_2)_h$ - $CO_2H$ , etc. (column 2, lines 63) which encompass the substituents of the instant claims. It would have been obvious at the time of the invention that the intermediate of formula 2 (2,3,3-

Application/Control Number:

10/814,404 Art Unit: 1618

trimethyl-4,5-benzo-3H-indolene) must be substituted with the same  $Y^1$ , such as –  $(CH_2)_g$ - $N(R^{14})$ – $(CH_2)_h$ - $CO_2H$ , etc. in place of the  $(A)_nR$  group (formula 2) in order to generate the final compositions of formula 1. The – $(CH_2)_g$ - $N(R^{14})$ – $(CH_2)_h$ - $CO_2H$ , etc. substituted 2,3,3-trimethyl-4,5-benzo-3H-indolene intermediates of Achilefu et al. encompass the compositions of the instant claims.

## Conclusion

No claims are allowed at this time.

10. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
